

# FINAL DAYS INTERNATIONAL

## World and India Report Fall 2023

Hello Friends,

April 13th of this year, 2023, we conducted an evangelistic meeting entitled "Prophecy Revealed" with 5 meetings per day for 3 days in Lonavala, India. Attending were 175 Sunday pastors from various denominations. At least 70 of them, or 40%, so far have converted to keeping the Sabbath and moved their church services to the Sabbath.

In July, 2023, we conducted 4 more evangelistic meetings in 4 more different locations with almost 1,000 Sunday pastors from various denominations. At Nagpur, India, where 205 Sunday pastors attended, 108 of them declared that they accepted the Sabbath truth and would start keeping the Sabbath, 53%. At our last meeting in Bangalore, out of 183 Sunday pastors, 144 accepted the Sabbath and other present truth. That is an almost unbelievable 79%, or 4 out of 5 pastors! Of 692 decision cards the pastors returned, 396 affirmed that they wanted to keep the Sabbath.

Both AWR and Amazing Facts assisted us in the production of these evangelistic events. AWR is doing follow up with the conversions. Amazing Facts handed out study material in the different languages, and filmed the meetings in 3 different languages. The videos are being uploaded to our website. Both ministries assisted with supplying speakers, logistics, and manpower for the meetings. Amazing facts made a 16 minute video report of the first series that we put on this link for you to see: [https://youtu.be/SEw-mU\\_eOoo](https://youtu.be/SEw-mU_eOoo)

We gave the Three Angel's message in a power packed lineup of present truth. 3 days of meetings with 5 meetings per day were conducted with the following lineup: Daniel chapters 2 and 7, Revelation 12, Revelation 13: the sea beast, then the land beast, then Revelation 14 - the Three Angel's Message, the Mosaic Law vs. the Ten Commandments, the Sabbath, and we showed the video Final Days in their language, and had sessions on the State of the Dead, Jesus Second Coming, the Millennium, The Second Death, and we had Q and A every evening.

The 4 meetings in July were the prototype for ongoing weekly meetings. One of the pastors at the first meeting in Lonavala is in an organization of 20,000 pastors that worship on Sunday and he wants us to give these same meetings to all of them. After the 2nd meeting, we had requests to take this to hundreds and hundreds of more Sunday pastors. 32 pastors so far from the meetings have asked to join the Seventh-day Adventist church. One man that went to our July 4-6th meeting called me to tell me that he accepted all of the present truth we presented, that he read The Great Controversy that we gave him, and that he is wanting to share the things we taught with many of his contacts. He has an international ministry in Japan, Korea, USA, and India. He is a medical doctor and an evangelist. He has accepted the Sabbath and his "eyes have been opened". We are having discussions with him.

The engagements in India were a result of our continuing to send out the video Final Days on Facebook to millions of people around the world. Final Days has the complete Three Angel's message upon it, succinctly describing the Antichrist, the Mark of the Beast, and the USA in Prophecy, done in a Christ centered fashion. It is our goal to send Final Days to 3 billion people on Facebook, as well as sending it to millions more on other social media platforms. It is a very simple way to spread the Three Angel's Message, but the impact of doing this has been phenomenal, generating thousands of leads, contacts, bible studies, and conversions! We have had 50,000,000 views on Facebook so far and we are just getting started. You can see the video by going to [www.finaldays.org](http://www.finaldays.org)

What happened in India is happening around the world: Pastor Jailosi from Malawi received the video, studied with our team, and led his two churches with over 500 members to keep the Sabbath. He requested to join the Seventh-day Adventist church. Moreover, he has gathered over 100 pastors so far from Mozambique and Malawi to be at another evangelistic event planned for the fall of 2023, where we will present the same type of meetings that we did in India. 500 more Sunday pastors that we gathered want to come to the meeting. We are working out the logistics.

We have had so many Sunday pastors contact us praising God for the truth they find out after watching this video. In April of 2023, Pastor Isaac from Uganda watched the video and went with 17 fellow pastors to the leaders of the Methodist Church in Uganda and confronted them with the truth they had found in Final Days. The leaders of the Methodist Church asked him and his fellow pastors to not come back. He has joined a Seventh-day Adventist Church near him, and is sharing the present truth to the previously Methodist pastors and members that were going to those 17 churches.

We have had hundreds and hundreds of conversions just in Africa. In the first 6 months of 2023, over 600 people have accepted the Sabbath and have been led to a Seventh-day Adventist Church near them. This is being accomplished with just 2 workers in Africa. We have over 8,000 people in Africa that are in WhatsApp group Bible studies right now. We have people from every country in Africa in Bible studies. We have 34 different groups being conducted with hundreds in each group basically. Besides these group Bible studies, people are directed to online Bible studies, individual Bible studies with our team members, and are in alternate forms of Bible study whether it's conducted on Zoom or WhatsApp or through face-to-face engagement.

The rates of conversions per videos going out and numbers of workers is the same across the board in India, Asia, Latin America, Mexico, and elsewhere. The list of testimonies is amazing. We literally have piled up thousands and thousands of testimonies from people in all walks of life: farmers, pastors, doctors, teachers, or officials in the government. This is happening from sending out the video and people contacting us after they watch the video.

The response has been so overwhelming that we were stonewalled. We have had so many requests for further Bible study that we couldn't keep up with it. Praise the Lord that AWR offered their assistance and is helping with their Centers for Digital Evangelism. Timothy Saxton, the director for the Asian Pacific division of AWR, and members of Final Days International are spearheading the development of putting on more workers to reply to the flood of requests coming in from those that receive the video on Facebook. We have about 100 workers on our team, whether they are paid or volunteer, whether they work with Final Days International, Amazing Facts, AWR, or with other ministries. The number of workers is multiplying every week.

Final days is in English, Spanish, Hindi, Telugu, Kannada, Russian, Italian, Greek, and is about to come out in Urdu, Chinese, Marathi, Malay, Nepalese, and shortly after these languages it will be in Tamil, Malayalam, Swahili, French, Portuguese, and Vietnamese, besides multiple other languages.

The cost to send the video out on Facebook is astounding: \$1,000 will send the video to 1,000,000 people in nonwestern countries. 1 million dollars will send the video to 1 billion people. A minimum of 20% of the people receiving the video on Facebook watch the video all the way through. The response is as above noted; a virtual flood, a digital avalanche of souls hungering for more truth. The cost to send out the video and the results are better in non-western countries, but we still send the video out to western countries. We believe that the unprecedented mission of Final Days International may be one of the best ways to give the Three Angel's Message to the world. We have never seen anything like this in our life.

It was not our plan to do the on the ground evangelistic work in India, God opened this door. We followed. It costs around \$50 per Sunday pastor to conduct these meetings. To give it to 1,000 Sunday pastors this July, we budgeted \$56,000 to \$60,000, and came in under budget. We believe we can give these meetings to 20,000 Sunday pastors for 1 million dollars. We pray that others will share in and support this opportunity of giving present truth to not only the Sunday pastors but to the congregations they represent.

We were invited back to 3ABN for the 3rd time for an August 15<sup>th</sup>, 2023, taping to tell of how God is blessing as we have been sending out the Three Angel's message to 3 billion people on Facebook. We told of the wonderful way He has been opening doors in India and Africa for us to give this message to hundreds, and soon, thousands of Sunday pastors. We pray that the magnitude of outreach with the corresponding responses will continue. It is our desire that you will join us in this truly unprecedented and amazing worldwide proclamation of the Three Angel's Messages.

"Now unto Him that is able to do exceeding abundantly above all that we ask or think, according to the power that worketh in us." Ephesians 3:20
